At Fairwinds Golf Club, **maintaining an enjoyable pace of play is essential to ensuring a positive experience for all golfers**, members and public alike. Our pace guidelines are based on groups of four, with hole time-pars carefully calculated to account for the par, length, and difficulty of each hole.

Striking the right balance between efficiency and enjoyment is key. While we encourage steady play, we also recognize that rushing can take away from the experience just as much as slow play can. To keep the course running smoothly, all groups are expected to complete their round within the designated time schedule.

We appreciate your cooperation in maintaining a consistent pace for the benefit of all players.
Thank you and enjoy your round!
